

Material Safety Data Sheet

Page: 1 of 3

Infosafe No. 4AD4D

Issue Date: October 2000

ISSUED by SARALEE

Product Name: **AMBI-PUR™ FRAGRANCE DIFFUSER**

Not Classified as Hazardous according to criteria of NOHSC

COMPANY DETAILS

Company Name Sara Lee Household & Body Care (Australia) Pty Ltd (ABN 11 006973995)
Address 610 Heatherton Road Clayton South, Victoria, 3169
Emergency Tel. 1800 623 927
Tel/Fax Ph: (61) 3 9262 2300 Fax: (61) 3 9558 2413
Other Information Do not annotate, summarise or delete any part of this Material Safety Data Sheet. Do not copy or quote this Material Safety Data Sheet, except in its entirety. Sara Lee Household & Body Care (Australia) Pty. Ltd. will not be responsible for any Material Safety Data Sheet which is not issued by it, or which is not an exact copy of one issued by it.

IDENTIFICATION

Product Name AMBI-PUR™ FRAGRANCE DIFFUSER
Proper Shipping Name None Allocated
UN Number None Allocated
DG Class None Allocated
Packing Group None Allocated
Hazchem Code None Allocated
Poisons Schedule Not Scheduled
Product Use Electrical 'plug in' air freshener.

Physical Data

Appearance Coloured fragrant liquid.
Boiling Point Not determined
Vapour Pressure Not determined
Specific Gravity Not determined
Flash Point > 61.5°C
Flamm. Limit LEL Not determined
Flamm. Limit UEL Not determined
Solubility in Water Not determined

Other Properties

Corrosiveness Not corrosive to aluminium.
Stability Stable under normal conditions of use.
Haz. Will not occur.
Polymerization
Materials to Avoid Strong oxidising agents and sources of ignition.

Ingredients

upper airways. Symptoms can include nausea, headaches and possible breathing difficulties.

Chronic Repeated or prolonged exposure to this material may result in skin irritation and aggravate existing respiratory disorders.

First Aid

Swallowed DO NOT induce vomiting. Immediately wash out mouth with water and then give plenty of water to drink. Seek medical attention.

Eye If contact with the eye(s) occur, wash with copious amounts of water for approximately 15 minutes holding eyelid(s) open. Take care not to rinse contaminated water into the non-affected eye. If irritation develops and persists seek medical attention.

Skin Remove all contaminated clothing. Wash gently and thoroughly with water and non-abrasive soap. Ensure contaminated clothing is washed before re-use or discard. If irritation develops and persists seek medical attention.

Inhaled Remove the source of contamination or move the victim to fresh air. Ensure airways are clear and have a qualified person give oxygen through a face mask if breathing is difficult. If irritation develops and persists seek medical attention.

First Aid Facilities Eye wash and normal washroom facilities.

Advice to Doctor

Advice to Doctor Treat symptomatically or consult a Poisons Information Centre.

Other Health Hazard Information

PRECAUTIONS FOR USE

Exposure Limits No exposure standards have been established for this material by the National Occupational Health And Safety Commission (NOHSC).

Eng. Controls Natural ventilation should be sufficient, under normal conditions of use.

Personal Protection

Respirator Type (AS 1716) Not required under normal conditions of use.

Eye Protection Where splashing is likely the use of chemical goggles or safety glasses with side shield protection is recommended.

Glove Type The use of Nitrile or Neoprene gloves is recommended.

Flammability

Fire Hazards Classified as a Class C1 (COMBUSTIBLE LIQUID) for the purpose of storage and handling, in accordance with the requirements of AS1940.

SAFE HANDLING INFORMATION

Storage and Transport

Storage Precautions Store in a cool dry place, out of direct sunlight. Avoid all sources of ignition. Avoid contact with incompatible materials that support combustion, such as strong oxidising agents.

Transport Not classified as a Dangerous Good, according to the Australian Code for the Transport of Dangerous Goods by Road and Rail (6th Edition).

Handling Ensure a high level of personal hygiene is maintained when using this product. That is; always wash hands before eating, drinking, smoking or using the toilet.

Spills and Disposal

Spills & Leaks Remove all sources of ignition. Increase ventilation. Wear sufficient respiratory protection and full protective clothing to minimise skin and eye exposure. If possible contain the spill. Place inert absorbent such as vermiculite, sand or dirt onto material. Use clean non-sparking tools to collect the material and place into a suitable labelled container. Do not dilute material but contain. Mop up the remaining material and place into the same container. If large quantities of this material enter the waterways contact the Environmental Protection Authority, or your local Waste Management Authority.

Disposal Disposal of this material should be undertaken by a registered chemical disposal company.

Fire/Explosion Hazard

Hazardous Oxides of carbon (CO, CO₂)

Decomposition or

Byproducts

Fire Fighting Wear Self-Contained Breathing Apparatus (S.C.B.A) and full protective clothing to minimise skin exposure.

Precautions Water fog, foam or dry chemical powder.

Extinguishing

Media

Hazchem Code None Allocated

OTHER INFORMATION

Toxicology No toxicity data is available for this material.

Environ. Protection Prevent this material entering waterways, drains and sewers.
