ENGINEERS HAND CLEANER

**Removes Oil, Grease, Grime & Paints
Contains Scrubbing Agents & Citrus Oil**

USES

An effective hand cleaner with a citrus-oil base for extra strength and mildness. Free from plastic polybeads.

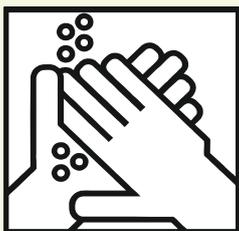

An orange scented hand cleaner, which contains scrubbing agents for added cleaning power, *Engineers Hand Cleaner* has been manufactured to a carefully controlled non-drip consistency.

Suitable to remove oil, grease, ink, bitumen, asphalt, tar, paint, plaster, creosote, mud and ground in soils from the skin.

Ideal for use in industrial environments such as garages, workshops, factories, etc.

DIRECTIONS

Apply *Engineers Hand Cleaner* to dry hands and rub in well. Rinse off with water and dry hands thoroughly.
