THICK BLEACH

Toilets • Drains • Washrooms
Floors • Urinals • Sinks

USES

A concentrated bleach solution that kills a wide range of pathogenic bacteria, and with regular use prevents the build up of slime and fungi.

A pale yellow, thickened liquid with a characteristic odour, *Thick Bleach* whitens soiled and stained fabrics.

Suitable for use to clean and disinfect drains, floors, lavatories, waste pipes and other areas that need a powerful disinfectant.

DIRECTIONS

Use undiluted to disinfect drains, toilets and waste pipes.
For general disinfection, dilute at a ratio of 1 part to 120 parts water. Apply using a mop or cloth, allow a few minutes contact time, agitate and rinse away.

N.B. Handle with care - splashes can cause damage to some floors and fabrics.
Never mix *Thick Bleach* with other chemicals.

Use biocides safely. Always read the label and product information before use.

AREAS OF USE

Toilets

DILUTIONS

THICK BLEACH : WATER	
Drains, toilets and waste pipes Undiluted	General disinfection 1:120
